The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Previously withdrawn non-elected claims have been cancelled, all claims now pending are examined. The amendments, and applicants remarks/explanations of 1/13/05 and declaration dated 4/21/04 have been considered and are persuasive with consequent withdrawal of 112 rejections, and rejections over saver of claims 1, 2, 8-10.

Claims 13, 14, 18 and 21 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Sauer et al CA 2178655.

The rejection of record is maintained. The claims are to a composition- The composition prepared by consideration of a defined heat input; however, Sauer at the operational temperatures with polymer coating applied in a fluidized bed is seen as forming the same composition as claimed, within the specific heat input ranges claimed, whether or not predetermined.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

"Plans", at the last line, should be "plants".
